CANCER FUND IMPACT INVESTMENTS™
MANAGING DIRECTOR ROLE DESCRIPTION

(Performance-Based Carried Interest/Equity-Based Compensation and Management Fee Participation)

CANCER FUND Impact Investments™ is seeking a Managing Director / General Partner to co-lead the development and management of our second cancer innovation fund. This is a performance-compensated leadership role—no salary during fund formation—ideal for someone driven to collaborate on fund design, investment strategy, capital formation, and launch–and lead portfolio selection, portfolio support, and manage fund performance.

TO APPLY

Please review this description in full before applying to ensure strong alignment with the role, expectations, and compensation structure.

ABOUT CANCER FUND IMPACT INVESTMENTS™

CANCER FUND Impact Investments™ is a mission-driven venture capital firm focused exclusively on cancer innovation. Our investments help bridge the funding gap that follows grant-funded research to support development, commercialization, and acceleration. We have amassed one of the most comprehensive early-stage cancer innovation pipelines globally, which includes more than 1,000 early-stage companies spanning diagnostics, devices, and therapeutics.

CANCER FUND's growing community consists of more than 10,000 stakeholders, including 4,000+ Screening Committee members with clinical, scientific, regulatory, reimbursement, investment, caregiver, and patient expertise available to help source, screen, assess, invest, and support portfolio companies in a unique community-driven investment model.

CANCER FUND is preparing to develop and launch our second venture fund for institutional and strategic investment partners. Our first fund, Cancer Fund I, LLC, is an active impact venture fund for individual retail investors supporting early-stage companies developing promising innovations with the potential for meaningful impact on patient outcomes, access to care, and care management. Fund I has deployed capital into seven companies targeting glioblastoma, breast cancer, ovarian cancer, lymphomas, leukemias, and more.

We strongly encourage prospective candidates to explore our firm's vision, process, and portfolio at www.cancerfund.com.

ABOUT THE MANAGING DIRECTOR ROLE

The Managing Director will serve as a General Partner (GP) in our second fund for institutional and strategic investment partners, working closely with the Founding Team in the following areas:

- Develop Fund Strategy - Define fund size, stage, cancer-type focus, geographic priorities, and other investment parameters aligned with CANCER FUND's mission.

- Lead Capital Formation - Craft the fund narrative, engage corporate, institutional, and family LPs, secure commitments, and maintain strong investor relationships.

- Drive Investment Execution - Oversee deal sourcing and screening leveraging our expert community, lead due diligence, and construct the portfolio alongside GPs and the Investment Committee.

- Steer Portfolio Value Creation - Support portfolio company development, achievement of milestones, initiating and growing partnerships, and realization of successful exits.

- Provide Strategic and Operational Leadership - Guide fund planning and daily operations in collaboration with the Founding Team.

WHO YOU ARE

You are an experienced venture investor or operator with a strong track record in healthcare, biotech, or oncology. You've raised capital or managed funds, and you're looking for a meaningful opportunity to lead a differentiated venture strategy with real-world impact.

You believe that changing the course of cancer requires more than research and awareness—it requires action, capital, and the courage to fund what others overlook. You understand the unique challenges of advancing science through development, de-risking, and into patients' lives—and you're ready to lead a fund designed to do exactly that.

COMPENSATION

As is customary among venture capital firms, General Partners will receive profit share, management fees, and carried interest proportional to their holding in the partnership and the time devoted to the fund's development, launch, and management. Traditional salary, benefits, consulting fees, stipends, or similar are NOT included during the development and launch phases.

OUR APPLICATION AND SELECTION PROCESS

Before applying, we encourage candidates to learn more about who we are, what we do, how, and why at www.cancerfund.com. Qualified candidates are welcome to contact CANCER FUND's senior management team to ask questions and share their vision and qualifications for the role.

We're not just looking for a Managing Director—we're looking for a partner. If you're ready to lead, innovate, and leave a lasting mark on cancer outcomes, let's talk.

If that sounds like a fit for you, please apply by CLICKING HERE.
